

For Immediate Release – International Association Announces New Provider Member

**January 25, 2005
Hartville, OH**

The International Association of IT Asset Managers announced today that United Recycling Industries® has joined the association as a Provider Member. URI™ provides end of life services for all types of electronic equipment, including the IT equipment that falls into the IT Asset Management purview.

“Development of a disposal strategy is more critical than ever, as legislation strengthens the need for accuracy and accountability, along with increased requirements from a security and environmental perspective,” states Jenny Schuchert, IAITAM Vice President of Program Development. “IT Asset Managers are making decisions now about what these programs should look like and where policies and procedures need to grow. Provider Members like URI™ are a welcome addition.”

“As the think tank for proactive corporate IT asset management, IAITAM provides an unparalleled forum for educating asset managers and establishing best practices,” said Jim Glavin, Vice President of URI™’s Electronics Group. “URI™ looks forward to working with IAITAM and its members to set the bar for best practices in IT asset disposition.”

IAITAM Provider Membership is offered to companies that offer products and services that serve IT Asset Managers, directly or indirectly. As visionaries and industry leaders, these companies provide solutions that support the successful implementation of IT asset management initiatives and have joined the association to share their experiences.

About IAITAM:

The International Association of Information Technology Asset Managers (IAITAM) is the professional association for IT Asset Management, serving Software and Hardware Asset Management professionals and providers of software and IT services in more than eighteen countries around the world. IAITAM provides these professionals with centralized professional skills development applicable across industries, goals and company size. The organization educates the business community on the value of information technology asset management and on how to implement cost saving life cycle management strategies to reap the benefits. IAITAM is based in Ohio, USA.

About United Recycling Industries®:

United Recycling Industries®, Inc. helps IT asset professionals manage data security and environmental risks by properly recycling obsolete IT equipment. URI™’s comprehensive service programs include full service logistics options from desktop to dock; end of lease services; and equipment testing, resale and recycling.
